- One author must be registered for the conference to present.
- Multiple submissions are allowed but requires separate registration.
- Accepted abstracts must be presented in person: virtual presentation requests will be considered case-by-case.
- Decisions of the scientific committee are final and binding.
- Presenters are responsible for their own travel and accommodation arrangements.

**\$200 travel grants will be awarded to 12 selected students.**

## THE GLOBAL INTEGRATIVE MEDICAL CONGRESS 2026 HAS TO BE POSTPONED

This is not a good update from us. The War Zone surrounding Israel, Iran and the surrounding areas has taken a toll on us also as unfortunately **The GLOBAL INTEGRATIVE MEDICAL CONGRESS 2026 HAS TO BE POSTPONED**. The flights all around have been cancelled/postponed/ rescheduled and the costs have risen too high. Keeping in mind all of you eminent persons who have registered for the event, we are compelled to reschedule the Dates, till when normalcy is restored, such that we will have a GREAT Congress.

### Submission:

E-mail your one-page abstract or summary in a word file as an attachment to GIMC, Scientific Committee. Fill the Submission form available on website.

Abstracts may be submitted at any time until March 31, 2026.  
Notification of acceptance within 10 days of submission.

Email: [abstractcon2026@aaymonline.org](mailto:abstractcon2026@aaymonline.org)  
After submission, the Committee will inform you to confirm.

### Abstract Submission & Presentation Fees

A non-refundable abstract submission fee of \$25 is required at the time of submission. Authors whose abstracts are accepted may present their abstract in conference by paying a fee of \$250.

### Publish Your Research at GIMC 2026

Selected and accepted abstracts will be featured in the **Journal of Ayurveda and Integrative Medicine** a globally recognized, peer-reviewed journal bridging traditional knowledge with modern scientific research.

- Impact Factor: **19**

- CiteScore: **4**

# GLOBAL INTEGRATIVE MEDICINE CONGRESS 2026

A CONFERENCE ON THE BIOLOGICAL FOUNDATIONS AND CLINICAL APPLICATIONS OF YOGA, AYURVEDA, AND EVIDENCE-BASED INTEGRATIVE MEDICINE

## CALL FOR ABSTRACTS

**GIMC 2026** explores how Integrative Medicine grounded in human biology, physiology, and molecular science function as personalized, preventive, and therapeutic medicine

### Conference Objectives

- Bridge holistic health and modern medical science
- Present latest research in integrative medicine, PNIE, gut-brain axis, rehabilitation & diagnostics
- Develop evidence-based protocols for diabetes, cardiovascular, metabolic, neurological & stress disorders
- Demonstrate clinical applications across specialties
- Explore AI-enabled wearables for stress, sleep, heart rhythm, diabetes & mental health
- Promote global accreditation standards for Yoga & Ayurveda

### Conference Highlights

- Scientific lectures & panel discussions
- Clinical workshops & hands-on training
- Poster & abstract presentations
- Book launches by global experts
- Evaluation of digital health tools
- Panels on integrative oncology, mental health, policy & technology

## Call for Abstracts

We invite high-quality research abstracts across all domains of integrative medicine, including Yoga, Ayurveda, clinical applications, diagnostics, rehabilitation, and emerging technologies. Share your research, innovation, or clinical experience with an international audience of medical professionals, scientists, and integrative health experts.

## Abstracts Categories

Yoga & Ayurveda Mechanisms  
Neuroscience & Mental Health  
Cardiopulmonary & Metabolic Health  
Oncology & Immunology  
Diagnostics, Wearables & AI  
Chronic Disease & Rehabilitation  
Women's and Pediatric Health  
Public Health & Integrative Policy  
Traditional Medicine & Evidence-Based Practices

### Why Submit?

- Share your research with global experts in integrative and preventive medicine.
- Get your abstract published in leading international journals.
- Network with physicians, researchers, and innovators shaping the future of healthcare.
- Enhance your academic profile and professional visibility.

### Awards

- All accepted abstracts will be published in peer-reviewed international journals, offering participants an opportunity to strengthen their CV and academic credentials.
- Participants will receive an official certificate of presentation and publication acknowledgment.
- Top 5 Finalists will receive monetary awards in addition to recognition at the GIMC.
